

## **DNA (The Bastard Song)**

*by Mike Wheeler, Luca Basso, Johanna Lundström*

A magical helix  
a mystery code  
to write the specification  
for a prince or a toad

It can trigger a Tigger  
be a pool for a fool  
make a queen or a bastard  
either is cool

Hey but it's OK  
we're more than just DNA

We are, we are who we are  
We are, we are who we are  
We are, we are who we are  
We are, we are who we are

Na na na nature or nurture  
who can really say  
Na na na nature or nurture  
we're more than just DNA

An X or a Y  
makes a girl or a guy  
a gift or a talent  
brown or blue eyes

We're both of our parents  
the best and the worst  
shy or bombastic  
Barry White or a smurf

Hey but it's OK  
we're more than just DNA

We are, we are who we are  
We are, we are who we are  
We are, we are who we are  
We are, we are who we are  
Oooh  
We are, we are who we are  
We are, we are who we are

We are, we are who we are  
We are, we are

Na na na nature or nurture  
we're more than just DNA

We are, we are who we are  
We are, we are who we are  
We are, we are who we are  
We are, we are who we are  
We are, we are who we are  
We are, we are who we are
